

## Network-wide Meeting in Venice

**S. Servolo**

**22-24 June 2018**

The meeting in Venice will be held in the Island of S. Servolo, in the S. Mark basin, with the cooperation of Venice International University (VIU). The event will feature a Jamboree with the presentation of research works by the Early Stage Researchers (ESRs), a Policy Maker Meeting on "Current Issues in Macroeconomic Expectations and Regional Policy", a Transferable Skills Training Measure and several other technical meetings related to the project.

### Programme

Friday June 22<sup>nd</sup>

9.00 to 18.00, *Room 1G*: First ExSIDE Jamboree (20-minute presentations + 5-minute QA for each ESR)

19.30: Social dinner at S. Servolo, Sala Basaglia

Saturday June 23<sup>rd</sup>

9.30 to 12.30, *Room 1G*: Policy Maker Meeting (PMM) "Current Issues in Macroeconomic Expectations and Regional Policy"

9.30: Welcome addresses

10.00: Seppo Honkapohja (Aalto University School of Business), keynote talk on "Pessimism and Persistent Slowdowns: How Can Policy Help?"

11.00: Panel discussion with

- Giancarlo Bruno (ISTAT), "Interpreting expectations measures"
- Sheri Markose (University of Essex), "Within and Cross Border Structural Imbalances: New Granular Macro-net Models for Macroeconomics"
- Beniamino Caputo (Regione Veneto Lavoro), "The forward-looking character of expectations in the cycle of regional ESF programming"

12.30: Buffet Lunch

14:00 to 16.30: Supervisory Board Meeting 3, Meeting Room 2H

15.00 to 18.00: Open Science training (by Bielefeld library), Room 1G

19.30: Dinner for board members / supervisors

Sunday June 24<sup>th</sup>

9:00 to 18:00: Third Transferable Skill Training Measure "Communicating Effectively with Stakeholders and Policy Makers", Room 1G

The Jamboree on 22/6 and the PMM on 23/6 are open to the public. The underlined activities are reserved to participants to ExSIDE.

## Jamboree (Friday June 22<sup>nd</sup>)

9.00 Welcome

	Speaker	Discussant	Title
9.15	Reissl	Pavese	Monetary policy and prudential regulation in a hybrid AB-SFC model with heterogeneous expectations
9.40	Taalaibekova	Dalla Lena	Who matters in coordination problems on networks: myopic or farsighted agents?
10.05	Luo	Della Lena	Network Formation with Myopic and Farsighted Player
10.30	Grimaud	Cinquanta	Reshaping Inflation Expectations at the Zero Lower Bound
11.15	Li	SantaGiustina	Opinion Dynamics with Anti-conformists
11.40	De Sanctis	Gebremariam	The network origins of firm dynamics
12.05	Levelt	Genie	Planar Learning to Forecast Market Games
